From

To

The Director of Community Development, [illegible].

Sir,

[illegible] Project--South Kanara--Supply of medicines to Medical Institutions--Expediting.

[illegible] approved overall programme [illegible] Community Project, provision has been made to supply medicines to certain selected medical institutions for three years at Rs. 300/- per year. The first instalment of supply has already been made to all the selected institutions.

The District Medical Officer has now proposed that the funds now available for the purpose may be utilised for supply of medical instruments to the dispensaries instead of supplying medicines as the P.H. dispensaries are supplied with medicines by the District Board. The Project Advisory Committee's approval has been obtained for the proposed alteration. The extract of Project Advisory Committee's [illegible] resolution in the matter is enclosed.

I, therefore, request that the Government may kindly be pleased to permit the supply of instruments to the medical institutions included in the approved overall programme in lieu of supply of medicines whenever such alterations are found necessary by the District Medical Officer.

Early orders are solicited.

Yours Faithfully,

Project Executive Officer. 29/6
